This Master Systems Contract (together with the Proposal and all attachments, schedules, addenda, and any other terms and conditions attached hereto or referenced herein, the "Agreement") is made as of the date of acceptance of the proposal by Subscriber, whose details are set forth on the Proposal and Pavion Corp., a Delaware corporation with its principal place of business at 4151 Lafayette Center Drive, Suite 700, Chantilly, Virginia 20151 (the "Contractor" and/or "Pavion Corp."). Pavion Corp. and Contractor refers to Pavion Corp. and its affiliates performing the work under this Agreement. Pavion Corp. and Subscriber may be referred to individually as a "Party" and collectively as the "Parties". This Agreement includes and incorporates the Proposal and the accompanying terms and conditions below. Capitalized terms used in this Agreement but not otherwise defined herein shall have the meanings ascribed to them in the Proposal.

1. Contractor shall install or cause to be installed, in the premises of Subscriber, the system as specified in the Proposal.
2. **Term; Termination.** This Agreement commences on the effective date of the Proposal, unless earlier terminated under this Section, and remains in effect for a period of five (5) years or until all services under the Proposal are completed, whichever is later, and may be extended by written amendment signed by both parties. Either party may terminate this Agreement or any Proposal or work order for cause on written notice if the other party materially breaches this Agreement, Proposal or work order and fails to cure within thirty (30) days after notice. Contractor may terminate for cause if Subscriber fails to pay an undisputed invoice within sixty (60) days and does not cure within thirty (30) days after notice. All terms of this Agreement that by their nature or content are intended to or would be reasonably understood to apply after termination of this Agreement, including, without limitation, those pertaining to payment, limitation on liability, and dispute resolution, will survive any termination.
3. **Payment Terms.** Subscriber agrees to pay Contractor the sum in the Proposal, deposit payable in advance upon the signing of this Agreement and the balance shall be progress billed and paid in accordance with work completed under this Agreement. Pavion Corp.'s payment terms are strictly Net 30 from the date of invoice. In the case of progress payments, payment is expected within thirty (30) days after completion of the work properly performed during the payment period under the terms of the Master Service Agreement, AIA, or Schedule of Value. This Agreement shall supersede all other agreements. All payment terms greater than Net 30 will require pre-approval from Pavion Corp. Finance Manager or Credit Manager. Failure to make payments within sixty (60) days after the completion of the Scope of Work or after the completion of a progress period, shall provide Pavion Corp. an option to terminate this Agreement per the terms set forth without prior notice. In addition, any late payments may be subject to a 1.5% late fee.
4. **Taxes.** Any tax applicable to, based upon, or measured by the receipts from or amount paid for service rendered by Contractor hereunder, shall be paid by Subscriber as an addition to the respective amounts otherwise payable by Subscriber as herein provided. Subscriber agrees to pay, in addition to any other sums herein provided to be paid all taxes, fees and charges imposed by any governmental authority, Fire and/or Police Department, relating to the installation and ongoing service of said signaling system. This includes without limitation all sales taxes, use taxes, excise taxes and other taxes imposed by any governmental authority, regardless of whether such taxes are imposed on Contractor or Subscriber under applicable law. If Subscriber claims tax-exempt status, valid exemption certificates must be provided prior to service commencement and verified by contractor. Subscriber shall be liable for any taxes, penalties, or interest assessed if exemption certificates are invalid, expire or become inapplicable. All tax amounts shall be separately stated on invoices and paid when due. Subscriber's failure to pay applicable taxes shall constitute a material breach of this Agreement.
5. **Filing Fees; Permit Fees; Witness Fees; Professional Engineer Stamp Fees.** Applicable to fire systems only. Subscriber is responsible for all filing fees, alarm permits and fees (or other fees associated with filing this job or requesting an inspection of this job) and agrees to file for and maintain any permits required by applicable law and indemnify or reimburse Contractor for any fees or fines relating to permits or false alarms. Contractor shall have no liability for filing fees, permit fees, false alarms, false alarm fines, the manner in which police or fire department responds, or the refusal of the police or fire department to respond. In the event of termination of police or fire department response this agreement shall nevertheless remain in full force and Subscriber shall remain liable for all payments provided for herein. In the event Subscriber or any third-party subpoenas or summons Contractor requiring any services or appearances, Subscriber agrees to pay Contractor the associated then-current hourly fees for such services and appearances. Should Subcontractor desire Contractor to provide Professional Engineer's (PE) Stamp and file this job, this is an additional fee. Subscriber acknowledges that events may occur in which Contractor must file additional items with the local governing bodies. If such additional filings are required Subscriber agrees that Contractor may charge and Subscriber will pay an additional filing fee.
6. Applicable to fire systems only. It is understood and agreed that if Contractor is contracted to provide the Authority Having Jurisdiction filing services and it is later determined that the project has been previously filed by others, only 50% of the contracted amount attributable to filing services will be refunded by Contractor.
7. Applicable to fire systems only. Auto Cad drawings will be required for all floors. If Auto Cad drawings are not available, a detailed contract will be provided to redraw hard copies.
8. Applicable to fire systems only. Request for Inspection only: As another alternative, if Subscriber desires Contractor to obtain an Authority Having Jurisdiction inspection date (when filed by others), Contractor must supply all design and installation documents as per State specific fire codes and submit same to the local Fire Department for examination and/or approval.
9. Where applicable, all installation, monitoring, maintenance, and repairs hereunder are conditioned upon the Subscriber possessing a telephone jack, coupler, internet router, radio, or other similar device which connects the Alarm Signal Transmission Equipment to the

transmission channel/protocol and to which the Transmission Equipment will adapt and 110 AC unswitched current in a location adjacent to the control box. If the Subscriber does not possess a connecting device and 110 AC unswitched current in the location required and does not obtain same within thirty (30) days after the date the Subscriber signs this Agreement, then Contractor shall have the right to terminate this Agreement. In addition, Subscriber acknowledges that Contractor shall not be liable for the activation, interruption, operation or non-operation of the connecting device, telephone or telephone transmission wires, internet connection or service, or radio service since Contractor has no control or supervision of any such equipment. Such control and supervision of the equipment is the responsibility of the Subscriber and the Telephone Company, Internet Company, and/or radio Provider Company.

10. If an alarm system is sold the Subscriber shall carefully and properly test the alarm system prior to each closed period and shall immediately report to Contractor any claimed inadequacies in or failure of the system, provided it is still within the warranty period. Contractor shall make such repairs as shall be necessary as soon as is reasonably possible after receipt of notice. Should a service call result from the failure of Subscriber to properly close protected access or opening, Subscriber agrees to pay Contractor's standard service charge therefore.
11. Contractor never guarantees system approval by the local governing authority. Subscriber agrees that Contractor's duty is limited to requesting an inspection by the local governing authority and only if the Proposal expressly requires Contractor to request an inspection.
12. Applicable to fire systems only. Unless a fire alarm system to code is installed by Contractor, Contractor makes no representation that the fire alarm detection equipment meets local code, fire department, or any Authority Having Jurisdiction (AHJ) requirements and it is not Contractor's responsibility to apply for any permits or fees in connection with such equipment. The law requires and Contractor recommends that Subscriber install a fire alarm system to code with plans and specifications filed with AHJ, properly permitted, inspected, and approved by AHJ. Subscriber represents that existing fire alarm system is approved by AHJ and that any repairs or replacement parts installed by Contractor are not additional equipment which would require AHJ approval. Contractor may in its sole discretion notify AHJ if Contractor's services are to be terminated or have terminated or that the fire alarm system is not functioning and Contractor is unable to provide monitoring or the fire alarm system is otherwise non-compliant with applicable fire codes.
13. If Subscriber contracts for remote video service for their own viewing, Subscriber acknowledges that at no time is Contractor responsible for or actually involved with transmitting any type of signal and/or images to Subscriber. Subscriber acknowledges that Contractor is not able to view or has access to view any images from said video service. Subscriber acknowledges that a third party is providing the signals and/or images for Subscriber to view, and as such discharges Contractor from any liability and agrees to indemnify and hold harmless the Contractor.
14. Acceptance. This Agreement shall be deemed accepted by Pavion Corp. upon Pavion Corp.'s commencement of performance under this Agreement; provided, however, that Pavion Corp. may review Subscriber's creditworthiness and, if Subscriber's credit report is not satisfactory to Pavion Corp., Pavion Corp. may require reasonable assurances of payment, including advance payment or other mutually acceptable security. The dollar amounts stated herein remain subject to correction for any mathematical error or deviation from Pavion Corp.'s standard prices..
15. Should Contractor be required to perform any service or furnish or replace any equipment or material not specifically covered by the terms of this Agreement, because of change in existing or hereafter enacted law, change in technology, obsolete or manufacturer's end of life equipment, Subscriber agrees to pay Contractor for such service or material. The pricing to be paid by Subscriber in this Agreement is based on current pricing by Contractor's suppliers and vendors. In view of supply shortage and inflation Subscriber agrees to pay any increase for equipment or services to Contractor by Contractor's suppliers and vendors in connection with equipment and services to be provided by Contractor to Subscriber. Contractor will notify Subscriber of any such increase, and Subscriber shall have the option of paying the increase or alternative equipment and services, if available, for the prices set forth in this Agreement.
16. Contractor reserves the right to charge for, on a time and material basis, any unforeseen or unanticipated costs it incurs as a direct result of the Subscriber's actions or lack thereof. Additionally, if possession of material/ equipment is not taken within six (6) months Pavion Corp. reserves its right to charge an additional fee of up to 10% for storing the material/equipment.
17. Title. Until full payment of the Net Amount, Subscriber hereby grants Pavion Corp. a purchase money security interest in the equipment sold hereunder in accordance with the Uniform Commercial Code. Pavion Corp. may, at any time, file a copy of this Agreement or a financing statement (which Subscriber agrees to execute upon Pavion Corp.'s request) with appropriate authorities as a financing statement in order to perfect Pavion Corp.'s security interest. Any such filing shall not constitute acceptance of this Agreement by Pavion Corp. Title shall not pass to Subscriber until the Net Amount (including all freight and taxes, if applicable) has been paid. Title to all equipment shall remain at all times within Contractor until fully paid for. Contractor shall have a security interest in the equipment sold hereunder until it is fully paid for and Subscriber agrees to perform all acts which may be necessary to assure Contractor's security interest in the equipment. Should Subscriber default in any payment for the equipment, Subscriber authorizes and empowers Contractor to remove the equipment from the premises, to disconnect the equipment, to render the equipment incapable of communicating with a central station and to enforce any valid and all of Contractor's rights as a secured party under the Uniform Commercial Code. Such removal and/or disconnection shall not be deemed a waiver of Contractor's right to damages sustained as a result of Subscriber's default, and Contractor shall have the right to enforce any other legal remedy or right. Furthermore, Contractor shall be in no way be obligated to repair, restore, or redecorate the premises in the event the equipment is removed as a result of Subscriber's breach of this Agreement. Contractor shall in no event be liable for direct, special, incidental, or consequential expense, loss or damage to the Subscriber resulting from such removal, disconnection and/or rendering the equipment incapable of communicating, and Subscriber hereby releases Contractor from all such

foregoing expenses, loss and damage incurred by the Subscriber in this regard.

18. Subscriber acknowledges that none of the equipment installed at Subscriber's premises is the property of Contractor, nor has Contractor approved or disapproved thereof, except for any equipment sold and installed by Contractor to Subscriber pursuant to any other agreement. Contractor has made no representation, warranties or agreements regarding the equipment, nor has Contractor participated in the design or installation of the alarm system or the alarm equipment. Contractor has no responsibility for the condition or operation of the alarm system or the alarm equipment and Contractor is not responsible for the maintenance, service or repair of said alarm system or equipment. Contractor shall not be liable or responsible for equipment failure which prevents signals and/or images from reaching Contractor. When Subscriber utilizes an IP signaling system or VoIP, Subscriber expressly understands it is Subscriber's sole responsibility to provide a battery back-up and necessary routers. In no way does Subscriber expect Contractor to be responsible for the battery backup or router associated with IP or VoIP.
19. It is understood and agreed that if radio transmission is provided the radio transmitter described herein used for the transmission of signals and/or images may be the sole property of the Contractor and that, in the event of cancellation of service, the transmitter described herein will be returned to Contractor. If Contractor is unable to recover said transmitter, Subscriber shall be responsible for damages in the amount of \$1,000.
20. **Maintenance.** Pavion Corp. shall perform all necessary maintenance and warranty related repairs on Subscriber's installed system at the premises listed for ninety (90) days. Maintenance shall be for the equipment provided for in this Agreement with the exception of conduit. The warranty period for equipment is for parts and labor for the first ninety (90) days. After the initial ninety (90) days and for the remainder of this Agreement, the warranty shall be for parts only per manufacturer's warranty. SUBSCRIBER IS HEREBY GIVEN AN ABSOLUTE AND UNEQUIVOCAL OPTION TO REQUIRE THE CONTRACTOR TO ASSUME LIABILITY BEYOND THAT INDICATED ABOVE. IF THE SUBSCRIBER EXERCISES SUCH OPTION, A RIDER TO THIS CONTRACT WILL BE ENTERED INTO AND SIGNED BY THE PARTIES HERETO PROVIDING FOR THE EXTENT OF CONTRACTOR'S ADDITIONAL LIABILITY IN CONSIDERATION FOR WHICH SUBSCRIBER AGREES TO PAY THE CONTRACTOR ADDITIONAL SERVICE CHARGES SPECIFIED IN THE RIDER WHICH SHALL BE CONSISTENT WITH CONTRACTOR'S ADDITIONAL COST OF OBTAINING LIABILITY INSURANCE COVERING THE FULL SCOPE OF LIABILITY REQUESTED BY SUBSCRIBER, IN WHICH EVENT THE DOLLAR LIMITATION CONTAINED IN THE CLAUSE ABOVE WILL BE NULL AND VOID, PROVIDED, HOWEVER, THAT SUCH ADDITIONAL OBLIGATION SHALL IN NO WAY BE INTERPRETED TO HOLD CONTRACTOR AS AN INSURER.

In the event Contractor discovers the presence of suspected asbestos or other hazardous material, Contractor shall stop all work immediately and notify Subscriber. It shall be Subscriber's sole obligation to remove such conditions from the premises, and if the work is delayed due to the discovery of suspected asbestos or other hazardous material or conditions then an extension of time to perform the work shall be allowed and Subscriber agrees to compensate Contractor for any additional expenses caused by the delay until work can resume. If Contractor, in its sole discretion, determines that continuing the work poses a risk to Contractor or its employees or agents, Contractor may elect to terminate this agreement on three (3) days' notice to Subscriber and Subscriber shall compensate Contractor for all services rendered and material provided to date of termination.
